

Inter American University of Puerto Rico

Orlando Cyber Center

Early Childhood Education (B.A.) (Educación En La Niñez Temprana)

The Teacher Education Program is an answer to the needs and aspirations of a society in constant change. Taking as its foundation Vision 2012, the mission and goals of Inter American University of Puerto Rico, the Teacher Education Program provides a framework of integrated educational experiences. The Program is directed toward the professional formation of a teacher of excellent quality; *i.e.*, one who can contribute in an effective manner to produce the changes deemed desirable in students, knowledgeable about the problems confronting education, and capable of collaborating in the process of change to improve the quality of both the teacher's life and that of others. The Program, therefore, seeks to achieve a greater integration of its components: professional courses, major courses and general education courses.

Teacher preparation emphasizes the development of those skills and attitudes that allow for the formation of a critical, flexible and creative mind that by using educational theories as the starting point is capable of identifying and posing problems, of carrying out research to find solutions and proposing adequate answers which can be verified through experimentation.

The new vision of teacher preparation requires a program of studies that provides a great number of related experiences that enables the construction of pedagogical knowledge and content. These experiences are characterized by continuous reflection, practice in real settings, research, and collaboration. The Program studies the relevance of content, the pedagogical model and tools that permit the solution of problems inherent in the teaching and learning processes in different contexts. In this Program of study, the general education, major, and core course components will be integrated.

Graduates of the Teacher Education Program should:

1. Be committed to the professionalization of their chosen field and help dignify the teaching profession with their performance.
2. Use critical reflection as a tool in pedagogical practice.
3. Recognize and use the classroom as a laboratory of human experiences that will increase and enrich the teaching-learning endeavor.
4. Utilize research as a resource for enriching and expanding knowledge and improving pedagogical practice.
5. Perform a pedagogical practice founded on the mastery of knowledge.
6. Be a leader in promoting change and innovation.
7. Conceive of education as a human process.
8. Understand how formal and informal education contribute to the development of the humanistic and scientific culture of society.
9. Be aware of the need for collaborative work as an essential component of their pedagogical practice.
10. Conceive of the oral and written language in their vernacular and second language as essential instruments for the teaching and learning process.
11. Be aware of their ethical and legal responsibilities to take positions and to contribute to the solution of problems.
12. Make effective use of technology.
13. Have a clear vision of the diverse ways in which populations are distributed.
14. Be committed to the practice and promotion of a better quality of life.

The Orlando Cyber Study Center offers study programs for the Bachelor of Arts degree in the Early Childhood Education in Elementary Primary Level (K-3) and Elementary Primary Level (4-6). The University's B.A. in Early Childhood Education: Elementary Level Education (K-3) and (4-6) qualifies eligible students to apply for a valid standard teaching certificate issued by the Commonwealth of Puerto Rico. Eligibility is subject to change by the Puerto Rico Department of Education, but presently requires that students be at least 18, maintain an overall GPA and major GPA of 3.00 (if graduating on or after 2010), pass the *Pruebas de Certificación de Maestros*, and provide personal and professional documentation.

THE UNIVERSITY DOES NOT WARRANT, REPRESENT, OR GUARANTEE THAT GRADUATES WILL RECEIVE ANY TEACHING CERTIFICATE OR BE LICENSED TO TEACH. Students with a valid standard teaching certificate issued by Puerto Rico may apply for reciprocal treatment in Florida. This requires completing the Florida Bureau of Teacher Certification's CG-10 application form and submitting a processing fee, official transcripts showing all degrees and credits, copies of the teaching certificate issued in Puerto Rico, and fingerprints. Students without a valid standard teaching certificate issued by Puerto Rico must also pass the Florida Teacher Certification Exam (FTCE). Students wishing to teach outside their areas of specialization may also be required to take additional courses. For purposes of specialization, the Florida Bureau of Teacher Certification treats (K-3) and (4-6) as (K-6). For more information on teacher certification requirements, visit on-line the Florida Bureau of Teacher Certification website. In the event of a conflict between the terms of the website and this handbook, the website's terms will govern.

The Teacher Education Program requires completion of a variety of field placements, as well as a supervised internship. The University has arranged for teaching internships through Orange County Public Schools (the "District"). To receive credit, students interested in the teaching internship must apply for and comply with the District's requirements and application deadlines, as well as the University's degree program requirements. Students interested in applying for an internship must contact the Executive Director of the Cyber Study Center at least one semester before the student is qualified for and would like placement.

Students who have had previous satisfactory teaching experience may apply for an exemption from the teaching internship requirement from the University; however, said exception may not be acceptable to the particular state or territory teacher certification program to which the student wants to apply. This exemption will be subject to the following conditions:

1. The student has been teaching full-time for two academic years within the last four years as verified by the principal of the school.
2. The student pays 50% of the registration cost of the courses EDUC 3015 and EDUC 4013 for the final validation of the credits.
3. The experience to be credited by the University corresponds to the requirements for the degree that the student hopes to obtain from the University.

Admission Requirements for the Teacher Education Program

All students admitted to the University who seek admission to the Teacher Education Program will be classified under the PRE-PEM until they are officially admitted to the PEM major of their interest.

When requesting admission and readmission to the Teacher Education Program, students must meet the following additional admission requirements:
